About Relmada Therapeutics, Inc.

Relmada Therapeutics is a clinical stage, public specialty pharmaceutical company, focused on developing novel versions of proven drug products together with new chemical entities that potentially address areas of high unmet medical need in the treatment of pain. The Company has a diversified portfolio of four lead products at different stages of development and a deep early stage pipeline. The Company’s product development efforts are guided by the internationally recognized scientific expertise of its research team with inputs from a world-class scientific advisory board. The Company’s approach is expected to reduce overall clinical development risks and costs while potentially delivering valuable products in areas of high unmet medical needs.
